### RELIGIOUS NOTICE.

The Rev. S. P. CARLSON will lecture in Christ Church, (Universalist) Monday evening, April 13th. The subject—Man—his present condition and future destiny.  
And Tuesday evening will preach from St. Matthew, 10th chapter and 28th verse—"And fear not them which kill the body but are not able to kill the soul; but rather fear him which is able to destroy both soul and body in hell."

Mr. STON, the engineer on our Railroad, was in town to-day, Wednesday. He says he has received orders to suspend work for the present.

### Our Railroad.

Reports are in circulation that work upon our Railroad has been discontinued, and that the new Board of Directors of the M. & C. road are opposed to the enterprise. To what extent these reports are true, we are not sufficiently informed to state. That the work is not going forward as promised is certain, but exactly where the fault lies we are not able to present to state. As bearing upon the subject, however, we are permitted to publish the following letter, in answer to one written making inquiries upon the subject. At the Cincinnati meeting, to which reference is made in the letter, we understand the friends of the road, both here and at Pomeroy, will be fully represented, so that nothing may be left undone, which it is in their power to do, to yet secure this important enterprise.

There is one thing all who have made payment on their subscriptions may be assured of—that their money is not in jeopardy, but will be repaid should there be any failure of the enterprise. This, however, we do not permit ourselves to entertain.

BALTIMORE, March 30, 1868.  
R. ALSHIRE, Esq., GALLIPOLIS.  
DEAR SIR:—I am in receipt of your favor of 21st, and in reply beg to state:

The matter of the Gallipolis & Pomeroy branch Railroad was referred by the board of Directors, at a meeting held on 25th, to a special committee, of which Hon. W. P. CARR is Chairman, to obtain information on the subject, and report to the Board.

I expect to be in Cincinnati about the 12th or 15th April, when I hope to meet the parties representing the interests of Gallipolis and Pomeroy in regard to the enterprise. Much will depend upon the financial arrangements which the people of your section will be able to make, in forming the ultimate decision of the company.

Yours very respectfully,  
JOHN KING, Jr., Pres't.

Mr. W. C. MILLER's building operations do not prevent him from selling goods as usual. He is doing business in the same building as formerly, but on the opposite side of the street.

The new city Council will meet next Monday evening for organization.

The river is in a fine boating stage, and both our local and Cincinnati packets are making their trips with great regularity.

Ice was formed in the gutters on Tuesday night. We fear our fruit is destroyed.

J. HOWELL, wholesale and retail Milliner, just returned from the city with a large stock of goods, which I offer to the public, having been selected with great care, and offer great inducements to Merchants and country Milliners; also, a large selection of Patterns, Hats and Bonnets, at reduced prices. Call and see for yourselves.

J. HOWELL,  
Court Street.

The city council have bought the dirt that is produced by excavating for Mr. W. C. MILLER's cellar, and are using it to raise the embankment leading to the Chillicothe Bridge, an improvement very much needed.

The Woolen Factory Co., are building a large warehouse on their grounds, at the foot of Third street—sixty by thirty eight feet.

See notice of Auditor EVANS to Township Assessors.

"Newson's Custom Mill" is now in full operation. It is one of the most complete establishments of its kind we have ever seen. It has two run of stones, one each for corn and wheat. The engine which furnishes the motive power, was manufactured by Messrs. EVANS, MANAGER & Co., and does its work most admirably.

The millwright work of this Mill was done by Mr. ARTHUR BRADLEY, and it shows him to be a master mechanic in his line.

### Marriage Licenses.

Judge Leouis issued the following marriage licenses for the last week, to-wit:

Rowling Cobb and Mary A. Mundle.

Messrs. Geo. Hovey and J. P. ALSHIRE have sold to Messrs. R. ALSHIRE & Co. 12,000 bushels of wheat, to be delivered on board boat at Winona, Minn. This is a pretty heavy wheat transaction.

The following gentlemen have been incorporated, under the laws of West Va., under the name of—"The Kanawha and Gallipolis Packet Company," to-wit—JOHN A. DICKINSON, E. OAKES, JR., FRANCIS EASTWOOD, JAMES NEWTON and C. D. BAILEY. The capital stock is \$50,000. The "Mountain Boy" will be in the trade in a week or two.

Our enterprising young fellow townsman, Mr. ALEXANDER HALLIDAY, has gone East with the intention of bringing home a large and fine stock of Dry Goods, to establish himself in FENNER's old stand, which he has fitted up elegantly, and where he will be found as ever, courteous and obliging, by all who will favor him with a call.

Some thief or thieves, on Monday night, made a raid on the premises of Mr. H. W. GRIMM. They took from his hen house 17 chickens, and from his smoke-house 8 pieces of meat.

The Trustees of Gallipolis township will meet next Monday, at 1 o'clock P. M., to close up their business for the past year, and to receive and set upon the bonds of the new officers.

Mrs. H. S. SALFORD calls attention to her new stock of Millinery goods, embracing all the latest styles. See advertisement.

## The Temperance Festival.

held in the hall of the society, on Wednesday night last week, proved a decided success. The hall was crowded, the supper delicious, and the voting over the book animated and exciting. The ladies realized in Miss ALICE GARDNER receiving the prize, by a majority of 27 votes. She received in all over 900 votes in her favor. The pecuniary return from the book amounted to about \$180. Quite a snug sum.

To obtain a personal knowledge of the value of "Barnett's Hair Restorative," try it and find your hair clear rich and glossy.

The laying of the corner stone of the new Episcopal church, in Pt. Pleasant, has been postponed to Saturday, April 18th.

A barber in Ironton shaved twelve persons in eleven and a half minutes, last week. We are glad we were not one of the eleven.

Mr. MILLER has broke ground on his new business house. He is now excavating for the cellar, which is to be 57 by 100 feet, and 10 feet in depth.

Raccoon township sent three papers to the Infirmary last week, and Guyan township one. Superintendent WATTS has now forty-seven boards.

Mr. EDITOR: My name having been used at the recent election, as a candidate for Township Clerk, by persons with whom, politically, I have no connection, I wish to say this publicly, that I do not want the office; authorized no person to propose me as a candidate, and would not have served if I had been elected. The only apology I can make for being caught in bad company is, that I was not allowed the privilege of choosing for myself. MORGAN MOLLAN.

TRIMMING AND FANCY GOODS.—The attention of our readers is directed to the extensive advertisement of Messrs. HONNE & Co., Nos. 77 & 79 Market Street, Pittsburgh, which appears in to-day's paper. Messrs. H. & Co. have one of the largest stores in Pittsburgh, and always keep on hand a large and excellent assortment of goods, both their Spring Stock this season is larger and more varied than ever before. This is fully set forth in their advertisement, and parties who design making purchases in their line will do well to read the card for themselves.

MARCUS SWIGERT has moved into town, and is now keeping a Grocery establishment at the corner of Second and Grape Streets.

Mr. JAMES McLAUGHLIN, Sexton of the Cemetery, has furnished us with the mortality of our city for the quarter ending April 1st. It is as follows:—

Whites, Colored, Total.

19 7 26

Capt. FARLEY has sold his interest in the Cottage No. 2, to H. C. DICKINSON, and retired from company. J. F. LEWIS will hereafter be in command of the Cottage, and GASTON NEWELL as Clerk. She will continue to run in the Kanawha and Cincinnati trade as heretofore.

The cold of Sunday and Monday extended over the entire week, accompanied, in the more northern portions, by a heavy fall of snow. It is feared that the fruit crop, if not wholly destroyed, is very much injured. Here the peaches are undoubtedly mostly destroyed.

My brother Paul Dietrich, of Milwaukee, feeling his earthly tabernacle, stored with troubles, to be expelled, decided, after full enquiry and investigation, to employ Ayer's Pills. In his haste to purify his Dutch stomach, he mistook the directions, and took 207, and swallowed 27 for a dose. This resulted, however, in a very unpleasant internal rebellion. But Paul went through the fight like a hero, and came off victor at last, with a renovated system which he proudly exhibits as proof of the wisdom of his choice. He advises every body to take Ayer's Pills, but kindly advises his friends who are ambitious of following him, to "take care and take the right kind."—Minnesota Telegraph, in 19-4.

Mark how the popular sentiment is running. At the town election, in Yonkers, near New York City, a few days since, there was a Republican gain of 500 over last year. Dispatch please copy.

ARTHUR BRADLEY,  
PRACTICAL  
MILLWRIGHT AND DRAUGHTSMAN.

HAVING permanently located at Gallipolis, Ohio, I offer my services to this and surrounding country, and, having been engaged for the last eight years in building and repairing Mills, I am prepared to furnish all modern improvements in Steam and Water Mills, either by draught or erection.  
I am also AGENT for the  
AMERICAN  
TURBINE  
WHEELS;  
manufactured by SMITH, MILL & TEMPLE, Dayton, Ohio, which needs no recommendation. It is a superior to any  
OVERSHOT WHEEL,  
and can be used where it is impossible to place an Overshot Wheel. I furnish this Wheel at Manufacturer's Price.

FOR CITY ORDINANCE AND SPECIFIC MILLS, ROCHSTER, N. Y., Feb. 9, 1866.  
Messrs. Smith, Mills & Temple, Dayton, O.—Gentlemen:—I have had one of your American Turbine Water Wheels running for five months. I am well pleased with it. It runs strong and steady, and should I want another wheel, I would give it the preference over any other wheel I have seen. I have one of your twenty-five inch American Turbine Wheels, and it performs to our entire satisfaction, driving the machinery of our mill works with ease and without the least trouble. We have tested them thoroughly, having had them stopped several times by hard pieces of wood getting in them, and never breaking them in the least. In conclusion, we will say that they fully fill the bill as represented to us before purchasing.  
Yours truly,  
W. A. ARNOLD.  
GEO. W. KESNER, Millwright.

Also, AGENT for the Europa Smut and Separating Machine.

DIVIDENDS.  
The phrase ANNUAL DIVIDENDS, in this Company, means dividends made annually, from the start, on the FIRST and every subsequent premium, and NOT at the expiration of three, four, five years, and only then annually. It also means that the dividends are available immediately to increase the insurance, or as CASH in reduction of the premium of the current year, and not merely to cancel notes and secured interest on premiums three, four or five years old.  
By this system there is no delay for the redemption of policy, or on before the expiration of a year, in which case what the Company has done for our own citizens the past year.
